Technical comments:³

The product description in this bill is a company trade name. The Commission suggests that the name "Leuco sulfur brown 96" be used instead, with the inclusion of the CAS registry number. See "Suggested article description," above.

³ The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.
